### Club President - Colin Dick

One would normally hold the position of Club President for 1 or 2 years, there are a number of exceptions. T K Sidey ( 1905 - 1928 ) and A J Holloway ( 1932 - 1945 ) and recently C T Dick ( 1987 -1989 and 2011 - 2014 ). It has been a mammoth effort by Colin and I am sure that over the past 4 years he has witness all the happenings within the club and it's members. Under his guidance and assisted by the club committee the club has seen a raise in members along with numerous successes in both running and walking events. Colin recalls *"The four years have been quite enjoyable as far as I'm concerned, and they have coincided with perhaps the most successful period the club has had for a number of years"* Colin's plans were to complete only three years and admits that *"pig-headedness"* lead him to stand for a fourth year"

### A ... " hughes-by-date" ... Run

A Monday in October...nothing else to do...a cavy group went running...with adventurous Peter Hughes..."Where are we going" Stu did ask...and hope it won't be fast...my leg a little sore and it may not last..."You'll be right" Kerry said with a sheepish smile...we are only doing about 8 miles...Esther, Ben and Bronwyn joined the happy bunch...Jayden asked "When do we have lunch?"... don't be silly everyone said...looking at you it seems your well fed ... at the end Karen's happy now that it is done ... we all survived the very first " hughes by date run".

### 5 Cans for 5km

The 5 Cans for 5km Run and Walk in aid of the St Vincent de Paul Xmas Food Bank saw quite a number of clubmembers, including our very own Gerry "can" walking and running on a beautiful Thursday evening, and, because she was so "full of beans" we left it to Mary to "carry the can" !!! It was a very successful night for Ken Fahey and the team from St Vincent de Paul with over 1200 cans collected. There was also a donation from the Caversham club via the Marathon Committee.

### Another "hughes-by-date" ... Run

It was another adventurous run from Karen, Ben, Peter and Stu taking in the Leith Saddle, Swampy and the Silver Peaks.

Uneventful, not on your smelly socks. It was far from a normal club run, in the end and unbeknown to Stu it was to turn out to be a close encounter of the unknown kind...or was it a "fright of the black and white" ? Click [ENTER](#) ... the story unfolds.

## Captains Log - Stuart McCormack

If you need any encouragement to take on, or becoming involved in the running of the club, look no further than our current club captian **Stu McComack**. Twelve mouths ago Stu took on the role after only a few years with the club. But his involvement goes back to 1986 when he and his company **Uptown Art** gave their support to the marathon, and that has continued ever since. One can only be impressed by the way he has filled his role which can only be put down to his " I'll give it a go " philosophy. You can trueley say that Stu has developed a very strong passion and devotion for the .....
