### Club Cross Country Champs

### Brockville Park 30 June 2007

After the postponement of the Edmund Cup events the previous weekend the Club Crosscountry at

Brockville Park on 30th June was held in perfect weather on a course that provided reasonable underfoot conditions considering the amount of rain-fall experienced during the week. The unexpected arrival of the Soccer players forced some last minute alterations to the course causing some confusion although most competitors adjusted well to the revised layout.

There were some fine performances on display during the afternoon with Clinton Coker running particularly well in winning the Open Men's race in a good time of 30.03. Tony Payne, Lyndon Brown and Daniel Balchin in the U20 Men, Robert Brown and Royce Madigan in the U16 Boys, Marion Maxwell in the Masters Women and Malcolm Giles in the M50 were others who deserve mention along with John Landreth who was 2nd in the Open Men adding to his consistent race record.

It is good to have newer members Kirsten Mills, Sarah Stewart, Sally Van Rooyen and Murray Reynolds taking part in the various races and all seeming to enjoy the experience. Pauline Begg was another who achieved her goal of reducing her time from the previous year, a good effort on the heavy course.

Colin Dick continued his successful season in both Running and Walking sections by being first Walker home in the Crosscountry, While Karen Thompson and Gordon Cameron shared the same time of 28.30 in finishing 2nd and 3rd. Who was pacing there? It was bad luck for Jim Law on his first attempt at the Crosscountry to miss the loop at the bottom section of the course when going well. Thanks to the Social Committee members who provided the Soup and Saveloys for afterwards. It was much appreciated especially by our younger members after their Ice Cream entrée

## **Brighton Green Island Road Races**

### **Brighton 7 July 2007**

These races were held on Saturday 7th in fine cool conditions ideally suited for road racing. A field of 26 lined up for the Senior Handicap race starting on the Brighton Domain with a number having their first experience of this event. The race provided a good spectacle with the back markers coming through strongly at the end which should always be the case in a handicap race.

Neville Madigan was first across the line in the Senior race after starting off go, a result that surprised him considering his self confessed lack of training. Phil Coakes staged a strong finish for second place while Lyndon Brown came home powerfully to finish 3rd and take 2nd fastest time of 32:39. Peter Blackwood held 4th just ahead of Tony Payne and Lyndon look to be in good form for the Otago Crosscountry Championships at Waikouaiti on July 21st.

Sally Van Rooyen was first Woman home in 5th place while Maria Sleeman, Marion Maxwell and Christine Montgomery finished 8th, 9th and 10th respectively with Marion recording the fastest time of 39.19. Claire Giles ran well in her first Brighton to Green Island race recording 44.59 and seeing off Husband, Malcolm in the process.

Marilyn Noye was first home among the Walkers in 1.20.11 a good effort from a first year member. Colin Dick recorded fastest time of 1.03.05 from Gordon Cameron 1.07.35 with Karen Thompson Fastest Woman with 1.08.20.

Thanks to our Life Members for their hospitality to the rest of the Club which is always much appreciated on Brighton Green Island day.
