Otago Cross Country Championships, Waikouati, July 18th

The new course stood up remarkably well to the hundreds of feet running across it considering the very wet weather we had in the two weeks prior to these races. Once again the Juniors kept the Caversham name to the fore, filling four of the first five places. Murray Turner ran another great race in the Colts Under 16 race, to finish with a winning margin of 35 seconds. Full results were as follows:

Brighton-Green Island Road Races

There was a good turnout for these races. The absence of a head wind on the way out to Brighton meant that most people's times were faster than they have been in previous years. The Seniors, however had to run without the help of a tail wind, but fierce competition to gain places in relay teams ensured some close competition. Thanks are extended to the Life Members who put on a refreshing afternoon tea. The results of the races were as follows:

Peninsula Relay, August 1st

The handicapping certainly didn't favour Caversham teams in this event with none of our teams featuring in the first three places. In the fastest lap times section of the results, three of the Juniors once again featured. Murray Fleming broke the lap record on Lap 5 (and then went on and ran Lap 6 after a missed changeover), David Gray gained fastest time on Lap 8 and Neil Gaudin gained second fastest time on Lap 1. Team results were as follows. (in running order)

Port Chalmers-Dunedin Road Races, August 15th

This event proved to be most successful for Caversham members. Winners in their respective races were Gordon Mitchell, Diana Geary, and Neil Gaudin. Dot Jenkins (daughter of Gordon) and Gaynor Hogg gave Caversham a clean sweep in the Women's race when they filled the minor places. Gaylene Duncan and Fiona Green gained 2nd and 5th fastest times in the same race. As well as coming first across the line, Neil also gained fastest time in the Junior Mens event. Murray Turner was again successful, coming 3rd in the Boys Under 16 scratch event. Other good performances in the Men's event were Max Presbury 4th and Steven Sherwood 8th. It is pleasing to note that Caversham teams won 3 of the Teams races as well. Full results are as follows:

Women's Coast Road Relay, August 30th

This relay, organised by the Eastern Districts Harrier Club is held on the old Coast road between Evansdale and Merton. This year a record number of 13 teams competed, with the race being split into A and B Grades. Overall, Caversham teams did extremely well. In the A Grade the No.1 Team gained fastest time, finishing 2min17secs ahead of 2nd placegetters Ariki No.1. Fiona Green, Jenny Hughes and Julie Seear all gained fastest lap times, while Helen Brown and Gaylene Duncan gained 2nd fastest times on their respective laps. In the B Grade our No.2 team ran extremely well to finish in 2nd place, while the number 3 team finished 5th, (in front of Leith No.2!). An interesting aspect of the number 2 team was that it contained two mother and daughter combinations.

Thanks to all those (and others) who supported the teams, for I'M sure that this was a great boost for all those competing. Thanks also to those who acted as timekeepers for without you, there could be no race. Team results, in running order, were as follows:

TAKAHE-AKAROA RELAY, September 1 2th

The bus left Dunedin on Friday afternoon with 2 men's teams and one woman's team, plus supporters, on board. Special thanks to Ron Cain for organising the bus and accommodation at Shirley Motor Lodge, and Bruce Cowan, for all the fund-raising he organised before the event. Also to those who provided transport for the teams during the relay, and the team managers.

The girl's team would like to thank all those who supported them, both before as well as during the event. We all found the trip well worthwhile and great experience.

As far as results go, all teams performed with credit. There were also some good individual performances. Gaylene Duncan ran extremely well on Lap 4 to gain 3rd fastest women's time, while in the men's section Neil Gaudin, running the same lap gained 5th= fastest time. Full team results are as follows:
