LOVELOCK RELAYS (28 APRIL)

Calculated or calculating! Andrew Shelling's last leg certainly had Caversham supporters sweating when he ran the final 1500 metres at the University Oval on 28 April. Leith all but caught up on Shelling with one lap to go but in the final analysis the advantage built up by a steady Caversham team, plus a heady last leg by Shelling, gave the Club it's second Lovelock Relay in three years.

The Womens A Grade No. 1 team ran well and finished second in it's event, while the No. 2 team was placed seventh.

The day was overcast and track soft after heavy overnight rain. Some good individual times were recorded. These results remain unofficial.
