

**CAVERSHAM**  
HARRIER & ATHLETIC CLUB

*We run  
marathons!*

## Cavy Chat – August 2017

### Brighton - Green Island with Fiordland Harriers

It was one of those ideal days, a great improvement in the weather, perfect for running and walking, alongside our friends from the **Fiordland Harriers**.

Great reward for our newest club member **Ken Pullar**, first across the line in 54min15sec and getting his hands on that "log of wood" trophy. Congratulations to **Margaret McDermott**, first walker home, 1h15min14sec. Fastest time was 34min 54sec by **Matthew Moloney**

## A Day on the Peninsula

---

Well! We got through a very windy and cold Peninsula Relay Cavy, full credit for the effort from not only the winning teams but every Cavy member who took part. Our senior men's team took out fastest time for 5 years in a row. Our Senior women's team gained second place. All our other teams ran their wee hearts out and we all had a terrific day. Well done guys and girls . Great club spirit and sense of fun and fellowship. Kudos to **David Sharp** who endured the windiest run of all of us.

There was movement in the township, Cavy was in town.

No drunken gunman, or Armed Defenders, this time, to be found.

A sea of "black and white", others in blue or green.

Our very own, Laurie Hill, all set ,and very keen.

We gathered at the hall, a cool and windy day.

Ready to do battle, the traditional Cavy way.

**Selectors had been busy, sorting out the teams.**

**Away we went with lighting speed, through, rocks, mud and streams.**

**Up and down, or on the flat, some testing little climbs.**

**Then handing on to team mate, time for them to shine**

**The Masters Women, attacked the wind and the challenging hills.**

**And with energy to burn, preformed a highland fling.**

Our number one, Senior men, took out fastest time.

The day was almost perfect, apart from the odd slight hitch

Can only be classed as "somebright parking" !

Plus our loveable little clubmember, ended up in a ditch.

## Clyde to Alexandra

*" Clyde to Alex road races. We came back to one of our favorite club events with a hiss and a roar and had a brilliant day. Lots of fun and laughter, and that was even before we had to run or walk. What a great club day " Stu .*

Former Caversham club member Daniel Balchin lead from start to finish, recording a time of 29min25sec
